

## ALL-TERRAIN CONFIDENCE

Built for maximum stability and traction, the rugged frame and aerodynamically contoured body contribute to solid handling and stable highway performance. Reliable 4WD traction combines with an advanced suspension to keep you in touch with surface conditions so you stay in firm control.

## SUPER SELECT 4WD-II

## OFF ROAD MODE

Using the drive mode selector dial, you can switch between 2WD (2H) and 4WD (4H, 4HLc, 4LLc). When the going gets rough, lock the center differential by entering the 4HLc setting for rugged terrain or the 4LLc setting for inclines, mud and snow.

Note: Super Select 4WD-II lets you shift between 2H, 4H and 4HLc modes at speeds up to 100km/h. Vehicle must be stopped when switching between 4HLc and 4LLc. Please see the owner's manual for additional information.

## OFF ROAD MODE

Improve traction when driving off road by entering the GRAVEL, MUD/SNOW, SAND or ROCK\* setting. Simply press the OFF ROAD MODE selector until the appropriate mode appears in the multi-information display and 8 inch LCD meter. Engine output, transmission settings and braking adjust accordingly to optimize performance.

Note: OFF ROAD MODE is only available in the 4HLc and 4LLc settings. \*The ROCK setting is only available in the 4LLc setting.

## Smartphone-link Display Audio (SDA) Bluetooth® hands-free kit

This updated infotainment feature is easier to see with its 8 inch display screen. Stay entertained by playing ideas stored in any USB stick conveniently on your screen. The available TomTom navigation system\* shows real-time traffic information\*\* so you can enjoy an overall more user-friendly driving experience.

\* Navigation system is not available for some countries.  
 \*\* TomTom is a registered trademark of TomTom International BV.  
 \*\* Internet connection with a smartphone is required for real-time traffic information. Roaming service charge will vary according to the telecom carrier.

## ADVANCED FEATURES

### MITSUBISHI Remote Control

Mitsubishi Motors' original smartphone app offers numerous convenient functions from short to medium range distances.

### Vehicle reminder

When leaving the vehicle, the smartphone notifies of any forgotten operations, such as locking the doors and switching off headlights. You can also check the following vehicle conditions:

- Headlights On/Off
- Power windows On/Off
- Power catalyst On/Off
- Doors Lock/Unlock
- Tailgate Lock/Unlock
- Power windows On/Off
- High beams On/Off
- Power catalyst switch On/Off

### Vehicle Information

### Operation assist

Troubleshooting solutions are provided when the buzzer sounds or when the vehicle doesn't respond to the remote control operation.

### Car finder

Allows you to locate your vehicle, such as in a large parking lot, by turning on the headlights with the smartphone.

### Tailgate operation

The power tailgate can be preset with the smartphone to automatically unlock and open when approaching, and lock and close when leaving the vehicle.
