

ROCKFORD
ACOUSTIC DESIGN

**Rockford Acoustic Design™
Premium Sound System**

At the heart of Pajero's entertainment console lies a premium audio system specifically designed for Pajero by Rockford® Corporation. Being surrounded by 12 optimally positioned speakers, you get the most spectacular in-car theatrical acoustic atmosphere possible. A powerful rear sub-woofer gives out deep, punchy bass while eleven other premium speakers deliver rich stereo surround sound.

Rockford Acoustic Design™ premium sound system with AM/FM radio, CD player, center display with touch panel and 12 speakers.

To provide as much carrying space as possible, the 2nd-row can have the seat backs folded down, and then the seats themselves folded up and out of the way. You can also fold down just one part of the 60:40-split 2nd-row for carrying extra long cargo*.

The 3rd-row seats can be easily folded up and stowed away in Pajero's underfloor compartment, then unfolded again when you need the extra seating capacity. This gives you plenty of room for groceries, suitcases or bulky cargo.

Fully automatic air conditioner
